Welcome to Yacht Scoring

Yacht Scoring is a featured packed 100% web based yacht racing management and scoring system that simplifies the task of competitor registration, event management, competitor and media communications while providing results in near-real time to competitors and the World following your event on the internet. With **Yacht Scoring** your event can be up and running with a complete event web site in 5 minutes!

Yacht Scoring, works 100% over the internet with a single database for all of your event information eliminating the need to keep the entry list in one program (or more), transferring entries into a scoring program, scoring and then having to upload the results to the internet and the media. **Yacht Scoring** also provides you with a single central data source that everyone in your Race Committee, using individually setup passwords, can access to manage the event from just about anywhere - home, office, club, etc.

And most important for you... No Advertizing! Only your sponsor's logos which you get to post and link!

Yacht Scoring Capabilities and Functionalities:

Prior to event:

- Online Event registration
- Multiple event registration with one time data entry
- Competitor login & entry maintenance
- Complete Crew List Information
- Crew Waiver online signing
- Competitor Crew email communication
- ISAF Classification and USSailing Membership Reports
- Event registration maintenance
- Event logo Upload (brand the event pages with your race logo)
- Event sponsor's logo upload and add web links
- Event documents upload and automated linking
- Required document tracking and reporting
- One-click email competitor notification of missing documents
- Manage all communication with competitors and event subscribers
- Course/Division/Class splits setup
- Generate Scratch Sheets, Event Roster, RC Work Sheets
- Crew / Boat sign-up board
- And more...

During the event:

- Post race updates directly to the web site
- Email race news to competitors and subscribers
- Enter finish times and generate results directly on the Internet (results available immediately!)
- Real time "Current Standing" Results (Race and Cumulative)

US SAILING REGATTA NETWORK®

Powered By REGATTA NETWORK.COM

Calendar | Event Reports | Results Archive | Tips & Tricks | Products | Demos | Clients | Help/Support | Log In

US SAILING Regatta Network makes it easy to create, manage, communicate and market your sailing event online. Since 2006 over 900 clubs have used Regatta Network to process over 300,000 registrations for almost 9,000 sailing events - regattas, camps, classes, seminars and banquets

CLICK HERE to attend one of our "Brown Bag" Demo Sessions.

Fast

The 100% web based system makes it easy create, manage, and update your event. Your event can be online and accepting registrations within minutes -- complete with a stand alone event site, online store, payment processing, entrant lists, and more!

Flexible

The Regatta Network system was designed by sailors for sailors. As such, it has been used for camps, classes, meetings, banquets, seminars, and regattas including match races, fleet races, pursuit races, distance races, one design regattas, junior regattas, team races, and more.

Affordable

There is NO software to buy, NO set-up fee, NO hosting fees, NO credit card fees, NO merchant account fees. Just a simple low percentage of registrations and meals or merchandise orders processed through the system.

RegattaTech

...the way forward in Online Regatta Management

Online Regatta Registration, Payment and Scoring

RegattaTech is an online service that provides an easy to use system for regatta management. It can be used from anywhere on any internet connected computer, tablet or phone - Windows, Mac, Linux, Droid, iPad/iPhone, and more. There is nothing to download or install. Your entry forms, competitor lists, scoring and results are available anywhere, any time. There is no need for importing, exporting, uploading or downloading into various formats, tools or platforms. ***RegattaTech*** handles it all seamlessly.

We handle events ranging from local club races to high profile world championship regattas. We can do all the setup for you from your event's NOR or existing forms.

Features Include:

Customizable entry forms to fit your event's exact needs and gather the information you need about your competitors.

Email entry confirmations for entrant and event management team.

Online competitor list with password protected administration for editing entrant information and making division and fleet assignments.

Integrated point and click online scoring for one design or handicap (PHRF ToT/ToD, Portsmouth, and more).

Real time online regatta scoring and race results - from the clubhouse or committee boat.

Facebook and Twitter integration. Broadcast results to friends and followers.

Support for online sale of regatta merchandise or social events tickets - with entry or merchandise only.

Secure online entry fee payment. No merchant or PayPal account needed.

Let us get your event up and running now! Get started by contacting us or sending your Notice of Race to info@regattatech.com!

CONNECTED
WHEREVER YOU ARE

Our products allow you to track and communicate with those you care about, via satellite from anywhere on Earth

Great Mapping

All our devices are provided with your own embeddable & customisable web page, using Google Maps

Full Support

We have real people to help you, should you need it - no call centres, just friendly & knowledgeable staff.

Global Coverage

Lots of people claim to cover the globe, but Iridium is the only satellite network that does. Pole to Pole.
